

## 3 Days Tanzania Luxury Safari

📍 Tarangire, Ngorongoro Crater, Lake Manyara National Park

Our 3 Days Tanzania Luxury Safari is specifically designed to give you the very best of what Tanzania has to offer. Not only will you enjoy hand-picked, stylish 4 to 5-star lodges with luxurious beds and ensuite bathrooms, but you will also indulge in exquisite cuisine while enjoying breathtaking views. In addition, we employ the most experienced guides—professionals who will always ensure you are where the action is, allowing you to capture stunning photos and get the very best views. Moreover, speak to our consultants about what you wish to see, and we will make all the arrangements for you. Since this compact safari lasts for three days, it's perfect for anyone with a tight schedule or those looking for a weekend getaway. Additionally, you will visit three key destinations: **Tarangire National Park**, **Lake Manyara National Park**, and the breathtaking **Ngorongoro Crater**. Each of these parks offers outstanding wildlife experiences, making this safari ideal for those looking to experience Tanzania's wonders within a short period. As you explore the concentration of wildlife in these parks, you will see everything from elephants to lions and various bird species. The vibrant landscape, along with diverse ecosystems, makes every moment of the safari exciting. Because of the rich wildlife density, your chances of encountering multiple species in just three days are incredibly high. Therefore, whether you want to explore Tarangire's scenic landscapes, marvel at Lake Manyara's unique wildlife, or enjoy the world-renowned Ngorongoro Crater, this safari guarantees a thrilling experience. Book your 3 Days Tanzania Luxury Safari today, and you'll be on your way to an unforgettable adventure in Africa!

## Tour Itinerary

### Day 1 : Tarangire

Distance: 139 km

**Non Game Viewing Time:** 2 to 3 hours.

After breakfast at your lodge in Arusha, depart for Tarangire National Park for Game drive. The driving is along beautiful masai steppe & many villages. Tarangire is one of the best National park in Northern Tanzania which runs along the lines of Tarangire River and it contain low lying hills appears on the floor of Great Rift Valley. The vegetation of the park is mainly acacia woodland and huge African Baobab trees with a swamp area on the South.

Tarangire River and the swamps attracts a large number of wild animal as it is the only permanent water sources in the entire park. Tarangire National park is famous for its large elephant population found nowhere else in Africa, you may expect to spot giraffe, buffalo, zebra, impala, wildebeest, warthog, baboons & lots of monkeys. The three rare species of Greater Kudu, Fringed-Eared Oryx and the Ash stalling can also be seen here. Lion, leopard, hyena, jackals, cheetah, vultures & other birds of prey are also inhabit the park. For bird watchers this is the place as over 400 species of bird where recently recorded here which includes migratory one. Later afternoon during the sunset drive to Bougainvillea Safari Lodge for dinner & overnight with a brief stop at Lake Manyara view point for some nice picture of Lake Manyara & its forest from the edge of Great East African Rift Valley.

Overnight at Neptune Ngorongoro **Lodge with** All Meals included.

Duration  
**5 Hours**

### Day 2 : Ngorongoro Crater

**Distance:** 50 km

**Non Game Viewing Time:** 1 hour

After breakfast drive up to Ngorongoro highlands, spend few minutes for registration at the gate before driving up to the Crater view point where you can make a brief stop to get the most breathtaking views of the Crater floor from above, you may take some pictures before descending 600 meters high walls into the Crater floor for a full day game drive.

[Ngorongoro Crater](#) is often referred by many as the Eden of Africa, because of its great scenery and abundance of wildlife. Large mammals and plain animals are making home in this natural wildlife sanctuary. Lunch box will be taken at the Crater floor. You can expect to spot herds of wildebeest, eland, zebra, hippos, African elephant, gazelles and the rare black rhino in their natural habitat.

Another big draw card in this huge caldera is the denser population of predators which include lion, hyena, cheetah, jackals and the ever-illusive leopard that needs sharp eye to be spotted. All this animals are bounded by the volcanic walls of 600 meters and can be viewed in a very close range. You will visit Lake Magadi, a large but shallow alkaline lake in the southwestern corner which is among the main features of the crater. Large flocks of flamingos, many aquatic birds & hippos can usually being seen here. Late afternoon drive out & back to **Lodge** for dinner & overnight.

Overnight at Neptune Ngorongoro **Lodge** in Karatu town or similar. All meals included.

Meals Included
