Day 1 : Arrival in Serengeti – Into the Wilderness

Upon arrival at **Seronera Airstrip** or **Grumeti Airstrip**, you'll be met by a professional safari guide who will warmly welcome you to the Serengeti. From the airstrip, enjoy a scenic game drive en route to **&Beyond Grumeti Serengeti River Lodge**, nestled on the banks of the Grumeti River in the remote Western Corridor.

As you drive through the vast savannah, keep your eyes open for giraffes, zebras, and herds of wildebeest roaming freely. Arrive at the lodge in time for check-in and a refreshing welcome drink, followed by a leisurely lunch overlooking the river — often frequented by hippos and crocodiles.

In the late afternoon, set off on your first game drive in this untouched corner of the Serengeti. The Grumeti region is known for its excellent year-round wildlife viewing and dramatic river crossings during the Great Migration season (May-July).

Return to the lodge just before sunset. Relax with a sundowner by the fire before indulging in a gourmet dinner under the stars.

Day 2 : Full-Day Game Drives in the Western Serengeti

Wake up to the calls of the wild and enjoy a freshly prepared breakfast with a view of the Grumeti River. Afterward, embark on a **morning game drive** through the **Western Corridor** of the Serengeti, one of the least crowded and most wildlife-rich areas in the park.

This region is known for its dense population of predators — particularly **lions, leopards, and hyenas** — as well as large herds of **buffalo, elephants**, and during the migration season, **massive columns of wildebeest and zebra**. Your expert guide will tailor the drive to your interests, helping you track wildlife and interpret behaviors for a more immersive experience.

Return to the lodge for lunch and a bit of relaxation — perhaps a dip in the pool, a riverside massage, or simply watching hippos wallow in the river below your deck.

In the afternoon, head out for another game drive. The golden light of late day often provides incredible photographic opportunities as animals become more active after the heat subsides.

As dusk falls, return to the lodge where a **private bush dinner** can be arranged (on request), offering a magical evening dining experience under the African sky.

Accompanied by a trained guide and ranger, you'll explore the bush on foot — a thrilling way to witness the Serengeti's smaller wonders and learn about animal tracks, plants, and the ecosystem at ground level. It's an intimate and immersive experience that offers a completely different perspective

from traditional game drives.

Return to the lodge in time for brunch and a bit of leisure. Spend your midday hours relaxing with a wellness treatment at the lodge's spa, lounging by the pool, or watching wildlife wander past from the comfort of your private deck.

Later in the afternoon, enjoy a **classic safari game drive** through new areas of the Grumeti region, aiming to spot wildlife you may have missed before — such as cheetahs patrolling the plains, elephants grazing near the river, or the rare black-and-white colobus monkeys hiding in the canopy.

As the sun sets, pause for **sundowners** in a scenic spot with panoramic views of the Serengeti. Sip a chilled drink and soak in the peace and beauty of the wilderness.

End the evening with a sumptuous dinner at the lodge, followed by storytelling around the campfire or quiet stargazing.
