It provides a dedicated vehicle and guide for the duration of your adventure, granting you complete control over your game drives and priorities. Regardless of your main interests—be it big cats, vibrant birds, stunning landscapes, or engaging with local cultures—you can focus entirely on what you love. Our goal with private safaris is to plan the exact experience and photo opportunities you dream of, then exceed your expectations. For advanced photographers, less truly is more when it comes to the number of people in the vehicle. This also applies to those who prefer a more personal experience. By planning a 6 Days Private Safari Northern Tanzania, anything is possible! You can select the timing, duration, and location to meet your goals. We are here to provide helpful suggestions. During this safari, you'll take in the incredible resident wildlife within the **Ngorongoro Crater**, which is home to Africa's densest concentrations of lions. From there, you'll follow the spectacular **wildebeest migration** from our mobile **Serengeti Safari Camp**, ensuring you're in the right place at the right time to witness this breathtaking event. Additionally, you can explore the stunning landscapes of **Tarangire National Park** and marvel at its diverse wildlife. This safari is possible year-round, but we especially love it during the migration season!

Tour Itinerary

Day 1-3 : ARUSHA TO THE NGORONGORO HIGHLANDS

Your guide will collect you either from your flight or from your hotel in Arusha and you will set off together for the Ngorongoro Highlands. This drive takes you west along the Maasai Steppe. Ascending from the valley floor you will climb into the highlands, over the escarpment of the Great Rift Valley, and right up onto the rim of the Ngorongoro Crater.

ENTAMANU NGORONGORO

At Entamanu Ngorongoro we define our version of this iconic wilderness. Our site allows us to drive down into the Crater soon after dawn and well before the crowds. Our guides, because they know wilderness is a pleasure best taken alone, are incredibly clever at avoiding people while showing you breathtaking wildlife. We love to walk, and walking along the Crater rim with our highly trained guides, an armed scout and a local Maasai it is a chance to learn about the smaller things, and the ancient Maasai culture. A visit to the nearby Maasai boma, to which we have exclusive access is an experience not to be missed. All meals will be in entamanu.

Day 4-6 : ENTAMANU NGORONGORO TO SERENGETI SAFARI CAMP

Wave an early goodbye to Entamanu Ngorongoro as you set off for Serengeti Safari Camp. Depending on the time of year you may fly to Serengeti Safari Camp, or drive your way down with your guide. This journey is one of our favourites in Tanzania. Descending off the Crater and onto the Serengeti plains gives you a real appreciation for the scale of this epic wilderness

SERENGETI SAFARI CAMP

Serengeti Safari Camp was the first of it's kind. It was designed with a purpose in mind; to be in the best possible location to view the wildebeest migration as it covers hundreds of miles of the Serengeti each year. So it should come as no surprise that it really hasn't changed much since it's early pioneering days.

This camp is all about our fabulous guides getting you right into the action. Be it the drama of a river crossing, the awesome breathtaking moment of seeing the herds stretch for impossible miles, or a huddle of cheetah cubs in the long grass we are in the thick of it.
